The report must provide a detailed description, in a maximum of 2 pages, of the activity before, during and after the visit in Europe, more particularly explaining how relevant it was to the objectives¹ of the Emma programme.

¹ *Objectives of the Emma programme:*

- provide academic staff with opportunities for professional and personal development
- encourage both universities to broaden and enrich the range and content of courses they offer
- allow students to benefit from the knowledge and expertise of academic staff from universities in participating in the partnership
- consolidate links between both institutions and strengthen the capacity for international cooperation
- promote exchange of expertise and experience on pedagogical methods
- prepare future regular exchanges of students and long-term recognition of studies between both institutions.
